## PLUSS Polymers promotes Indian Participation at Solar Decathlon Europe 2014

Posted On: 2014-07-08

[Education](#) [India Education Diary](#) [Online News](#)

New Delhi, July 8 -- PLUSS Polymers, the leader in research, development and manufacture of specialized polymers and phase-change materials (PCMs) aided Team Shunrya, India's entry at the Solar Decathlon Europe 2014 get closer to their goal of a zero energy house. The project of Team Shunrya is to demonstrate zero energy homes at the Solar Decathlon Europe 2014 in France. Team Shunrya is the first team from India to be selected for this prestigious event. This inter collegiate platform will witness 20 international teams competing to design, construct and demonstrate full scale houses with minimal energy consumption and powered by renewable energy. The partnership between Pluss and Team Shunrya is to integrate Phase Change Material (PCM) into i...
